It has been a while since we were all together, but the new fiscal year is here and new challenges await. Club President Lynne Creasy is ready to put us to work, so let's make this a productive year for the Lynchburg Exchange Club. We hope to see you all on Friday!

The guest speaker for the upcoming July 20th meeting will be Terrick D. Moyer, Director of Development and Community Outreach for The Lighthouse Community Center at 1310 Church Street in Lynchburg. Terrick will present an overview of the many services provided by The Lighthouse Community Center and update the Club on the ongoing renovation project of the Craddock Street house to be used to provide housing for homeless veterans.

Dick Byrne has agreed to chair the "Proudly We Wave" project this year but needs support from all members to help locate and nominate those worthy of the recognition. The award is given to a large business, a small business and an individual who display the flag correctly and prominently. A bold presentation on a pole (not a bracket) in a yard or entranceway is customary for nomination. If displayed at night, the flag must be well lit. Weather permitting, it may be flown every day. Pictures of nominations and the name of the business or homeowner and address may be sent to Lynne or Dick. This is a Club project and everyone is asked to participate.

Please note the change of location for the July Board Meeting to the Timberlake Pharmacy Community Room at Greenview and Timberlake Roads in Lynchburg.
