

Retired Virginia State Police pilot Don Childs will be our speaker this meeting and will discuss the incident in Appomattox County that resulted in gunfire disabling his helicopter and necessitating a forced landing. Don has maintained a most positive, exemplary attitude despite the tragic (unsolved) murder of his daughter and her boyfriend in August 2009, and then facing death himself when the State Police helicopter he was piloting was shot down in Appomattox County by an active shooter who had just executed eight people in January, 2010. Let's hope for good attendance to hear Don's message and to thank him for both his U.S. Army and State Police service.

Appomattox County High School student Jessica Symons will be recognized as our Youth of the Month.
